Panel Mount Alarm - P/N 1123386

Follow the instructions to replace an audible alarm on a Fulfill® Retrofit Control Box.

**WARNING:** Risk of personal injury or equipment damage! Refer to the safety information provided in the melter manual before servicing the melter. Failure to comply with the safety information provided can result in personal injury, including death.

**Required Tools:**
- Phillips screw driver

1. Disconnect and lockout power to the control box.
2. Loosen the screws to remove the control box lid.
3. Unplug the siren harness from the PCA board.
4. Loosen and remove the siren bulkhead fitting, then remove the siren from the control box lid.
5. Install the new siren into the control box lid, and tighten the siren bulkhead fitting.
6. Connect the siren harness plug into the X11 slot on the PCA Board. Refer to the wiring diagram.
7. Replace the control box lid, and resume normal operations.
