Filter Replacement - P/N 1123120 and 1123148

Follow the instructions to replace the filter.

**WARNING:** Risk of personal injury or equipment damage! Refer to the safety information provided in the melter manual before servicing the melter. Failure to comply with the safety information provided can result in personal injury, including death.

**Required Tools:**
- Flathead screw driver

1. De-energize the system as directed in the *Maintenance* section of the melter manual. Make sure to remove all dirt and debris from the melter.
2. Loosen the Worm Clamp, and remove the old filter.
3. Replace with new filter, and tighten Worm Clamp.
