Push-On Pump Inlet Screen Replacement - P/N 1123152, 11233153

Snap-in place screen that prevents adhesive from flowing on to the sensor from the return port in the melter tank.
For ProBlue Series 4, 7 and 10.

**WARNING:** Risk of personal injury or equipment damage! Refer to the safety information provided in the melter manual before servicing the melter. Failure to comply with the safety information provided can result in personal injury, including death.

**Required Tools:**
- Inlet Screen (Qty 1)

1. Purge the tank. Refer to the manual for detailed purging instructions.

2. Remove the old inlet screen. You may have to heat the tank to loosen it. Make sure to wear the appropriate safety eye and hand protection.

3. Insert the new inlet screen in the tank. Place the form tabs into the grooves of the tank to secure the inlet screen.
