Kit, Coupling Assembly, Pump Box - P/N 1124559

Use these instructions to install a quick disconnect coupling to a FulFill bin.

NOTE: Be sure to disable autofill system before installation.

WARNING: Risk of personal injury or equipment damage! Refer to the safety information provided in the melter manual before servicing the melter. Failure to comply with the safety information provided can result in personal injury, including death.

Required Tools:
3 mm Allen wrench
8 mm wrench

Installing the Quick-Disconnect Coupling Assembly

1. Using the 3 mm Allen wrench, remove existing clip and discard.

2. Insert lower cuff (do not tighten retaining ring).

3. Align Coupling/bracket to existing slot.

4. Using the 3mm Allen wrench and the 8 mm wrench, install the new hardware.

5. Confirm lower cuff is inserted completely into pump, tighten retaining ring.

6. Using Nordson Velcro strap, secure existing hose to bin handle.
