

How to Obtain a Spectra 30 Add-On Feature License

- 1) Aftermarket feature licenses for Spectra 30 are ordered by part number, just as any other Nordson part. These are the available add-on licenses, based on the original Spectra 30 model purchased:

Spectra 30 Part Number	Aftermarket Licenses Available
1123742	1123914 Distance/Encoder 1123915 Pressure Run-up (also requires Distance) 1123916 Remote Recipe
1123743	1123915 Pressure Run-up 1123916 Remote Recipe
1123744	All features activated - no additional licenses available

- 2) Each Spectra 30 unit has a unique set of license keys, matched to the part number and serial number of the unit.
- 3) To order an add-on license, it is necessary to enter part number and serial number information, along with the license being requested and customer information using the dedicated licensing website.
- 4) Go to <https://spectra30-license.nordson.com>

The screenshot shows the 'Spectra™ 30 Feature Licensing' website. The form is divided into several sections with callouts explaining their purpose:

- Customer contact information:** Points to the 'Customer Information' section, which includes fields for Company, Contact, Address, City, State, Zip Code, Phone, Email, and Cust. #.
- Purchase info. (optional attach PO pdf):** Points to the 'Procurement Method' section, which has radio buttons for 'PO Number' and 'Other', and a button to 'Attach Purchase Order'.
- Select customer service center region:** Points to the 'Region' dropdown menu, which lists 'Select One', 'USA/Canada', 'China', 'Europe', 'Japan', and 'All Others'.
- Indicate unit part number and serial number:** Points to the 'Controller Part Number' and 'Serial Number' fields.
- Indicate desired license:** Points to the 'Features' section, which has checkboxes for 'PN 1123914 Encoder Enabled', 'PN 1123915 Run-up', and 'PN 1123916 Remote Recall'.
- Search for licenses already installed/purchased:** Points to the 'Find Existing License' button.
- After all information is complete Select "quote" or "purchase":** Points to the 'Request Quote' and 'Purchase New License' buttons.

The form also includes a 'Comments' field and a checkbox to 'Send license number and purchase receipt to this address'.

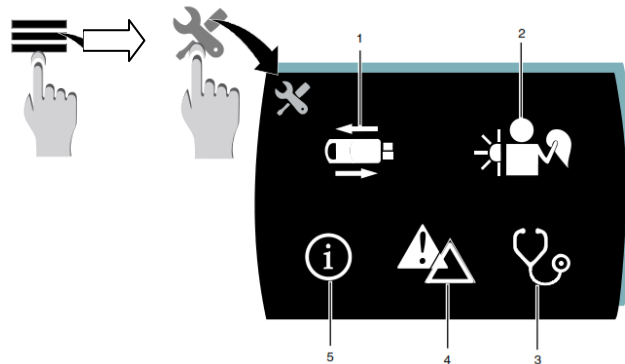

5) Next steps:

- For quote Requests:
 - You will be contacted by the customer service center in your selected region with the quotation information you requested.
- For Orders:
 - If you included a copy of your purchase order by attaching a pdf file (and no further information is required by the customer service center) the order will be entered.
 - If you did not include a copy of the PO, you will be contacted by your customer service center to complete the order process.

6) Receiving your license key - Once the order process has been completed, you will be contacted via email with the 16-digit license key.

7) Adding a license to the Spectra 30:

- Use the menus to reach the information screen (item 5 below)

- The information shows software & hardware versions as well as which licenses are already installed.
- To add a license key, click the license button 

Item	Menus	Action
5 System Information		<p>a Tap the System Information button to view details about the system.</p> <p>b Tap LIC. button to upgrade the system with add-on features. The following add-on features are available:</p> <ul style="list-style-type: none"> • Encoder • Pressure/Run-up • Remote recall <p>The add-on features have software licenses, which can be ordered by specific part numbers. Refer to <i>Parts, Section 8</i> for the software license part numbers.</p>

- Enter the 16-digit license number of the add-on license in the four boxes on the screen:

- Double-check that your license is now installed by reviewing the information page licensing section.
