Documentation List
June 2018

Issued by Nordson Engineering, Lüneburg

Documentation List

Introduction

The Documentation List is updated and distributed monthly. It details translated manuals, instructions and operator's cards created, updated, and/or formatted in Nordson Engineering in Lüneburg.

Contents

The Documentation List is divided as follows:

Part A Nordson Engineering Hot Melt Products
(former Meltex), refer to page 2 for details

Part B Nordson US Hot Melt Products
refer to page 2 for details

Part C Nordson Finishing Products
refer to page 2 for details

Part D Nordson UV (U.K. and U.S.) Products

Part E Paper and Paperboard Converting
Nordson Benelux Products (former Walcom)

Part F

1. Asymtek
2. EFD
3. JM Laboratories
4. March Plasma
5. Mountaingate
6. NSE
7. PICODOSTEC
8. Nordson Puffe Hot Melt
9. Slautterback
10. Watlow

Contents *(contd.)*

Part A Nordson Engineering Hot Melt Products

1. Blue Series Melters
 - DuraBlue
 - VersaBlue
2. Bulk Melters
 - BM 20, BM 200 Series
 - BM 5xxx Lueneburg Rebuilt Units
 - DG / DuraDrum / DuraPail
3. MC Units
4. MX Units
5. Auxiliary Systems, e.g. Pattern Ctrl, Refill, Temperature Ctrl, Timer, Verification
6. Applicators/ Guns
7. Systems -
 - Automotive, Bookbinding, Gasketing, Moulding
8. Coating Units
9. Other Hot Melt Units
10. Drives
11. Mechanical & Hydraulic Components
12. Pneumatic Components
13. Electrical & Electronic Components
14. Level Controls
15. Miscellaneous

Part B Nordson US Hot Melt Products

1. Blue Series Melters
2. Series 3000V (Vista)
3. Series 2000 / Series 3000 / Series 5000 / Series 6000
4. Other Melters and
 - Diverse Equipment, Hoses
5. Auxiliary Systems, e.g. Pattern Ctrl, Refill, Temperature Ctrl, Timer, Verification
6. Applicators/ Guns
7. FoamMelt & FoamMix
8. Bulk Melters, older BM 5xxx Series

Part C Nordson Finishing Products

1. Automotive / Container / Electronics / Liquid
2. U.S. Powder
3. U.K. Powder

Abbreviations and Header Line

Document Type:

- IN	Instructions
- MA	Manual
- OP	Operator's Card
- PA	Parts List
- PI	Product Information Sheet
- SA	Safety Section
- SU	Supplement

Languages:

- BU	Bulgarian
- CH	Chinese
- CR	Croatian
- CZ	Czech
- DA	Danish
- DU	Dutch
- EN	English
- ES	Estonian
- FI	Finnish
- FR	French
- GE	German
- GR	Greek
- HU	Hungarian
- IT	Italian
- JA	Japanese
- KO	Korean
- LA	Latvian
- LI	Lithuanian
- NO	Norwegian
- PL	Polish
- PO	Portuguese
- RO	Romanian
- RU	Russian
- SE	Serbian
- SK	Slovak
- SL	Slovenian
- SP	Spanish
- SW	Swedish
- TU	Turkish

The header line is made up of the following:

- Model	Specific Model name
- Product Title	Full title of document
- Langs.	Languages available (see abbreviations above)
- P/N	Part Number of document
- Type	Document type (see abbreviations above)
- Price Category	Number denoting price per copy
- Notes	Any additional useful information

NOTES: All documents within each section are sorted alphabetically according to *Model*. **Exceptions** - Nordson Finishing, JM Laboratories, Nordson UV (Spectral) and Nordson UK/ Europe are sorted according to *Product Title*.

Ordering Documents

When ordering manual/documentation copies please follow these guidelines. Please note the different product line procedures.

ALL Product Lines EXCEPT Nordson Engineering

These manuals are to be ordered at EDC, Maastricht. When creating an order in SAP, use the manual-specific P/N, **not** the Category P/N.

Nordson Engineering GmbH (MELTEX) Product Line

For ordering manuals or system documentation from Nordson Engineering the Category P/Ns should be used as listed below.

In order to allow documentation orders to be properly selected and served, the categories distinguish between media CD-ROM and conventional paper copy in blue binder.

Also AFTER-SALES and ADDITIONAL needs to be distinguished for both of the documentation media.

ADDITIONAL			
P/N	€	Documentation Type	Required Information
7156797	18	Configured Manual on CD-ROM Melter WITHOUT system components	Language
7156798	30	Configured Manual on CD-ROM Melter WITH system components (Hose, Applicator, etc.) or for numerous Systems	Language
AFTER-SALES			
P/N	€	Documentation Type	Required Information
7165316	18	Configured Manual on CD-ROM Melter WITHOUT system components	Language and Serial Number and P/N (of the main component)
7165317	30	Configured Manual on CD-ROM Melter WITH system components (Hose, Applicator, etc.) or for numerous Systems	Language and Serial Number and P/N (of the main component)

ADDITIONAL			
P/N	€	Documentation Type	Required Information
317102	18	Medium Manual typically Applicator, Timer	Language
317103	30	Configured Manual Melter WITHOUT system components	Language
317104	100	Configured Manual Melter WITH system components (Hose, Applicator, etc.)	Language
AFTER-SALES			
P/N	€	Documentation Type	Required Information
317107	18	Medium Manual typically Applicator, Timer	Language and Serial Number and P/N
317106	30	Configured Manual Melter WITHOUT system components	Language and Serial Number and P/N (of the main component)
317105	100	Configured System Manual Melter WITH system components (Hose, Applicator, etc.)	Language and Serial Number and P/N (of the main component)

NOTES:

ADDITIONAL means: Within a Nordson Engineering GmbH equipment order more copies are requested additional to the ONE documentation CD, which is automatically included in the equipment delivery.

AFTER-SALES means: Documentation items which refer to equipment sales orders delivered earlier (typically the need arises because the documentation originally being delivered got lost at the customer site).

For all **AFTER-SALES** orders, regardless whether on CD-ROM or in the conventional form of paper in blue binder, the product/system for which the documentation is requested must be identified (Serial number, P/N, UI, or - if applicable- the original SO#, the language request).

Please write the required information as Position Text into the SAP "Text" field. If that identification is missing the Lue PDE group cannot restore the requested order-specific document compilation.

In both cases, **ADDITIONAL** and **AFTER-SALES**, be careful to request language versions which may not yet exist. Casewise significant translation costs may result and should be clarified **PRIOR** to an order. Do **NOT** use the category P/Ns for requesting translations which do not yet exist, but contact TS dpt. at Lueneburg first in order to get a time & cost quote.

Information & Support

For translation enquiries (all product lines), information or feedback regarding **Nordson Engineering GmbH** documentation, please contact:

Nordson Engineering GmbH
Bettina Rösnick (Translation Support)
Lilienthalstr. 6
21337 Lüneburg / Germany

Phone: 49-4131-894-260
Email: bettina.roesnick@de.nordson.com

For **all other Product Lines** please contact:

Nordson European Distribution Centre B.V.
Cindy Kenzeler
Bergerstraat 10
6226 BD Maastricht / Netherlands

Phone: 31-43-3526-023
Fax: 31-43-3626-230
Email: cindy.kenzeler@nl.nordson.com

NOTES: If you cannot order directly in SAP, please send orders for documentation in writing (fax/email). Please include the following information:

Product Title, Language, P/N and Quantity required.

NOTES: The listed costs for documentation (on page 4 and 5) are valid for additional copies of existing material. If you order and pay for the translation of a manual etc., you will receive one soft-copy free of charge.

Central Archive in Lüneburg

The central archive for translated documents is in Lüneburg. Therefore, we ask you to give us any information regarding manuals e.g. translation needs, planned products, product changes etc.

In the Technical Documentation Local Languages department (TS) we assign Part Numbers for all translated documents, format them in accordance with the Nordson corporate design and style, archive all documents electronically, coordinate projects with experienced translators, and ensure that all documents are made available for everyone within the Nordson network.

We appreciate any comments and feedback which you may have to offer, so that we can enhance the cooperation between Local Language Support in Lüneburg, and Nordson worldwide.

All details correct at time of release. Liable to future corrections.
