

## NORDSON MODEL A9A WELDED SEAM CAN STRIPE AIRLESS AUTOMATIC GUN

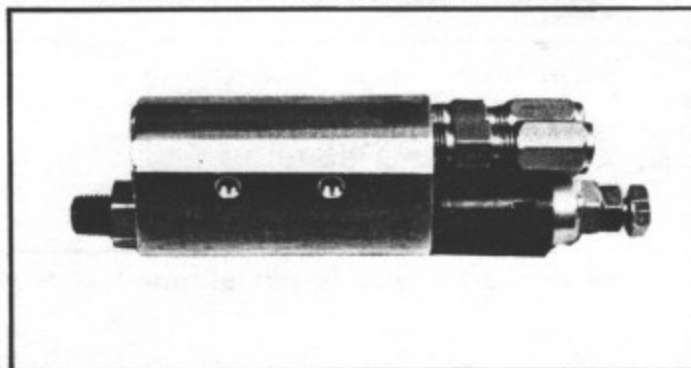

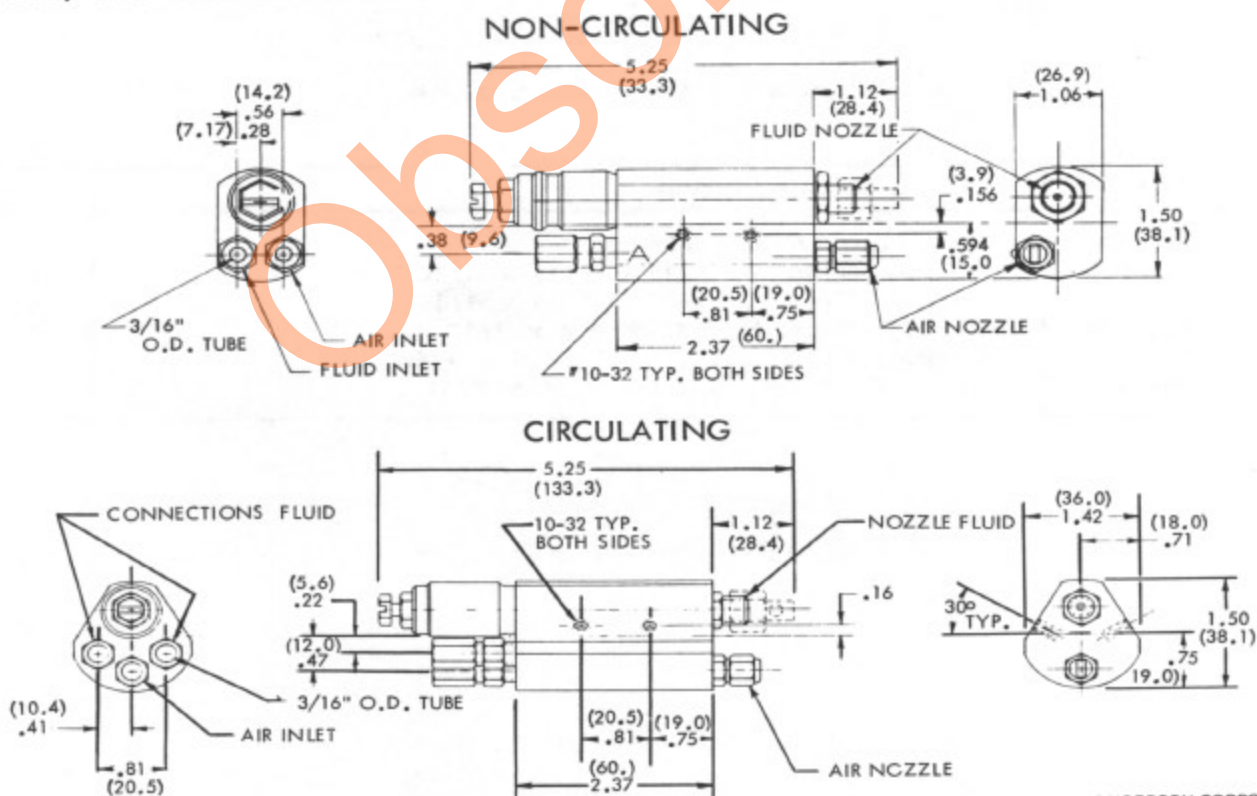

Figure 1 - Nordson Model A9A Gun

### DESCRIPTION

The Nordson Model A9A is an Automatic Airless spray gun used for applying special sealant to the welding seam inside stripe of 3-piece cans. Used primarily in the can industry, this gun is designed to mount directly to can body making machine stub-horn and operate at cycles in excess of 250 cps.

Lightweight, rugged, and dependable, the Model A9A welded seam stripe gun consists of a body, heavy-duty replaceable packing cartridge unit, signal control air connector (for gun turn-on and turn-off) and air curtain (fan pattern) control connector, air nozzle, and fluid connectors.

6/81 - Plug added.
