

High-Efficiency, Heavy Duty, and PowderGrid® Cartridge Filter Replacement

Replace Cartridge Filter

Cartridge filters vary for each Nordson® powder coating system. A powder coating system may have vertical, horizontal, central, and/or flange mounted cartridge filters. The proper cartridge filter is listed in the *Parts* section of the product manual.

Please refer to the product manual for cartridge filter removal and replacement procedure. For parts and technical support, call the Industrial Coating Systems Customer Support Center at (800) 433-9319.

NOTE: Do not install damaged cartridge filters. If the filter was damaged during shipment, contact the freight carrier. Otherwise, contact a Nordson representative.
