

Sure Coat[®] Mounting Assembly

1. Description

This instruction sheet provides a parts list for the mounting assembly used with Sure Coat automatic powder spray gun. The mounting assembly provides a stable and versatile system for gun mounting and is adjustable for a variety of gun positions and booth depths.

NOTE: Refer to the *Installation* section of the *Sure Coat Automatic Powder Spray Gun* manual for mounting assembly installation instructions.

See Figure 1.

The Sure Coat automatic gun slides into the sleeve (3). The adjustable clamp (2) attaches onto a gun stand, oscillator, or reciprocator. The handle (1) and screw (4) allow for positioning of the gun.

2. Parts

Use the following lists to order replacement parts for the Sure Coat mounting assembly.

See Figure 1.
